Re: Address for a Verizon Wireless Equipment Shelter – 44913 Mission Boulevard

To Whom It May Concern:

In response to your request to have a new cellular antenna site assigned an address. One (1) new address is been issued. The enclosed Addressing Plan illustrates the proper use and placement of the new address.

In accordance with Title VII (Building Regulations) Chapter 5 (House Numbering) of the Fremont Municipal Code, this letter serves as the notice of the addressing action affecting your property. The new address must be in use within ten (10) days of the receipt of this letter. For information on the size and location of address numbers on a building, please refer to the enclosed information sheet titled "ADDRESSING – Property Owner Responsibilities" and to Chapter 2 (Building Security) of the Title VII (Building Regulations).

You will need to update your address records and outside address number as soon as possible for the purpose of rapid identification of your property in the event of an emergency. Records that are registered with the City (such as for building permit and/or business tax purposes) should be updated to reflect the new address. And, by copy of this letter, we are notifying the below-listed agencies and utility companies of this address action. Be aware that some agencies may not update their records until notified by the property owner. Therefore, it is your responsibility to make sure that the appropriate agencies or businesses acknowledge the correct addresses.
